THE NATIONAL ANTHEM

Arise, O compatriots, Nigeria's call obey
To serve our fatherland
With love and strength and faith
The labour of our heroes past
Shall never be in vain
To serve with heart and might
One nation bound in freedom,
Peace and unity.

Oh God of creation, direct our noble cause
Guide our Leaders right
Help our youth the truth to know
In love and honesty to grow
And living just and true
Great lofty heights attain
To build a nation where peace and justice shall reign

THE NATIONAL PLEDGE

I pledge to Nigeria, my *country*
To be faithful, loyal and honest,
To serve Nigeria with all my strength,
To defend her unity and uphold
Her honor and glory.
So help me God.

Goodwill Messages from the Grand Patron SMART-iSTEAMS

We are very delighted to welcome you to the 2015 International Science, Technology, Education, Arts, Management & Social Sciences (iSTEAMS) Research Nexus Conference scheduled holding between 27th February - 1st March, 2018. The iSTEAMS conference is a multidisciplinary and collaborative research and practice forum that seeks to explore how new, innovative and emerging forms of technologies can aid research, practices and development in different spheres of human endeavours. This year's conference tagged "Scaling Multi-throng Applied Research Using Advanced Research Techniques - SMART-2018" seeks to go beyond the sparks of activities and forums that provide transient illuminations in the digital skyline. It gravitates towards exploring new and dynamic ways of engaging the potentials offered by inter-tertiary and interdisciplinary collaborations, digitization and ubiquitous ICTs for global growth and development. We believe that your participation will enrich the diversity of perspectives and contents to be presented and that your invaluable experience, insight and contributions will add to what is potentially a very important gathering of pragmatic practitioners and professionals. Again we welcome you to the Delta State Polytechnic, collaborators and Host of the 2018 SMART-STEAMS Honours Conference and in particular to Ogwuashi-Uku, Delta State - the "BIG HEART" of Nigeria - for a blissful and most rewarding Conference.

HRM Oba (Prof) Adekunle Okunoye - Xavier University, Cincinnati Ohio, USA

Goodwill Messages from the RECTOR, DSPG

The Delta State Polytechnic, Ogwuashi-Uku, Delta State Nigeria is delighted to collaborate with the Society for Multidisciplinary & Advanced Research Techniques (SMART), The African Institute for Development Informatics & Policy, Ghana, The Pearl Richards Foundation, The Research Nexus Africa Networks and The International Centre for Information Technology & Development, USA to jointly organize and host the 2018 International Science, Technology, Education, Arts, Management & the Social Sciences (iSTEAMS) Multidisciplinary Honours Conference scheduled to hold between Wed 28th Feb - Friday 2nd March, 2018. At a period when the world is undergoing tremendous challenges on all fronts, there can be no better time to cluster together brilliant minds that can provide scalable solutions and answers to the questions that bugs peoples' minds. These solutions will of course start from multidisciplinary thinkers and when put together in the right perspective and mixed with the right ingredients, create a scalable synergy that can address other instances of similar challenges globally.

Delta State Polytechnic, Ogwuashi-uku is therefore proud and very delighted to be honoured with the hosting right for the first in the series of the iSTEAMS 2018 conference. The event on our campus is set to promote the culture of research and practice synergy that the iSTEAMS Conference series is known for in its last nine editions. Your participation will enrich the diversity of perspectives and contents to be presented and your experience, insight and contributions will add to what is potentially a very important gathering of pragmatic practitioners and professionals. Again we say welcome to Delta State, the "Big Heart" of Nigeria, its watersheds and flowing rivers, and her beautiful serene ambience; welcome to Ogwuashi-Uku, the home of culture and traditional democratic history that spans over a century. Welcome also to the Delta State Polytechnic, Ogwuashi-Uku --- CREATIVITY FOR DEVELOPMENT !

Prof. (Lady) Stella Chinye CHIEMEKE FNCS

Professor of Computer Science & the Rector, Delta State Polytechnic, Ogwuashi-Uku,

Goodwill Message from the Co-conveners, SMART-iSTEAMS

We are very delighted to welcome you to the 2018 International Science, Technology, Education, Arts, Management & Social Sciences (iSTEAMS) HONOURS Conference. The iSTEAMS conference is a multidisciplinary and collaborative research and practice forum that seeks to explore how new, innovative and emerging forms of technologies can aid research, practices and development in different spheres of human endeavours. This year's conference is targeted at promoting "Inter-tertiary and Interdisciplinary Research Collaborations Using Ubiquitous Information Communication Technologies" seeks to go beyond the sparks of activities and forums that provide transient illuminations in the digital skyline. It gravitates towards exploring new and dynamic ways of engaging the potentials offered by inter-tertiary and interdisciplinary collaborations, digitization and ubiquitous ICTs for global growth and development. We believe that your participation will enrich the diversity of perspectives and contents to be presented and that your invaluable experience, insight and contributions will add to what is potentially a very important gathering of pragmatic practitioners and professionals.

Again we welcome you to Delta State Nigeria for a blissful and most rewarding Conference.

Goodwill Message from the Dean, Faculty of CIS - UNILORIN

On behalf of the Organizing Committee of the iSTEAMS Conference 2018, I welcome participants. This conference parades authors in the academia, professionals and practitioners in all areas of Science, ICTs, Engineering, Education, Health Sciences (Medicine, Nursing, Anatomy, Physiology, Pharmacy), Law, Arts, Management, Business, Agriculture, Geosciences, Policy, Agriculture, Forestry, Religious Studies, Environmental Sciences, Arts & Design, Hospitality Management, Survey & Geo-informatics, Applied Sciences, & the Social Sciences for a three day interaction that will definitely produce lasting impacts. It is my hope and desire that papers presented at this conference will provide substantial inputs that will generate ideas with the potential of aiding inventions, growth, development of human capital, industrial process optimization, energy conservation, inter-tertiary innovations, theories, practices, design, modeling and collaborative research.

Having hosted the iSTEAMS Conference twice at the University of Ilorin, the Delta State Polytechnic is now equally privileged to host a conference that serves as a watershed to the initiation of new and dynamic research initiative paradigms. Welcome to a safe, secure, serene and green environment in Ogwuashi-uku, Delta State, Nigeria
